

Communicable Disease Prevention Plan

MONITORING PUBLIC HEALTH GUIDANCE AND ORDERS

- The Capernwray Harbour Compliance Officer will regularly monitor communicable disease-related information, guidance and orders issued by the federal government (Public Health Agency of Canada), the BC government (Ministry of Health, Ministry of Education, etc.), the BC Public Health Officer and our local Medical Health Officers, at minimum weekly
- Online sources include: Government of Canada, Government of BC, Vancouver Island Health Authority, BC Centre for Disease Control, WorkSafe BC and local and national media

ILLNESS MANAGEMENT

- Staff are asked to perform a daily self-administered health check and report illness to their supervisor or the Main Office and must not come to work or participate in community activities if sick; symptoms will be evaluated and next steps determined by management staff
- Staff who are sick will be given the time to rest as needed or to work from home as possible
- Students and guests are asked to report illness to a staff member
- Students and guests who are feeling unwell will be asked to refrain from community activities and will be assisted and advised as needed
- In a confirmed case of COVID-19 the student or guest may be required to self-isolate in an accommodation, or asked to self-isolate off-property or to return home, for the amount of time recommended by public health guidance or until symptoms improve
- COVID-19 rapid tests acquired from the Ministry of Education may be made available for the use of students, guests or staff
- The BC Government strongly recommends all persons to get vaccinated against COVID-19

HAND HYGIENE

- In addition to sinks and washrooms in various locations, hand sanitization stations are set up at the entrance to every public building and common area
- Signage is in place reminding all staff, students and guests to wash or sanitize their hands frequently and upon entry to any building or common area
- Supplies are monitored and replaced regularly by the Housekeeping department

ROUTINE CLEANING

- *"High Touch Surfaces"* include: doorknobs/handles, light switches, soap dispensers, taps, toilet handles, etc.
- **High traffic common areas** (Lecture Hall foyer and classroom, Sunroom): cleaned and disinfected (hard surfaces including high touch surfaces) each morning and afternoon, overseen by Housekeeping or Janitorial staff
- **Other common areas** (Dining Rooms, Orchard Room, Study Loft, Gym, Laundry Room): cleaned and disinfected each morning with high touch surfaces being disinfected again each afternoon, overseen by Housekeeping or Janitorial staff
- **Kitchen:** food contact surfaces are cleaned and sanitized each afternoon and end of day, as well as between tasks as needed; high touch surfaces are disinfected each morning and each afternoon or evening; cleaning is overseen by Food Services staff
- **Dining room tables:** cleaned after each use and sanitized prior to each table setting, overseen by Housekeeping staff
- **Fitness room:** cleaned and disinfected each morning with high touch surfaces being disinfected again each afternoon, overseen by IT Administrator
- **Snack shop** (Pump House): cleaned and disinfected after each closing, overseen by Pump House Manager
- **Other work areas** (Offices, Shops, Greenhouse, etc.): high touch surfaces are disinfected once per day overseen by staff in the respective department/location; full cleaning of Offices are provided daily to weekly, overseen by Housekeeping staff
- **Student accommodations:** cleaned and disinfected daily by a designated student in each accommodation, overseen by Housekeeping staff
- **Guest accommodations:** thoroughly cleaned and disinfected between each guest stay, overseen by Housekeeping staff
- Cleaning supplies and inventory are maintained by the Housekeeping Coordinator
- See departmental manuals for specific details, schedules and standards for regular cleaning

VENTILATION

- Classrooms, meeting rooms and dining rooms are well ventilated by internal heat exchange units and by keeping windows open when and where possible

- Where possible chairs/desks and tables are set up to provide extra space between individuals

TEMPORARY ENHANCED MEASURES

- In the event enhanced protocols are required or recommended by public health authorities, the following additional measures could be implemented: physical distancing and household “bubbles”, barriers, reduced maximum occupancy limits, remote teaching alternatives, directional traffic controls, enhanced sanitization protocols, mandatory face masks, mandatory daily health checks, regular rapid testing, etc.

COMMUNICATING AND UPDATING

- This Plan is distributed to all staff in writing and a summary version distributed to students and guests in writing, as well as reviewed verbally by the Executive Director and/or Compliance Officer with all staff and/or students
- Whenever amended, protocol details will be communicated verbally or in writing as soon as possible with the relevant staff or students/guests as necessary
- Effectiveness of and compliance with these protocols are monitored on an ongoing basis by the Executive Director
- Any health and safety concerns can be directed to the Executive Director, Student/Guest Wellness Coordinator or Personnel Manager; any questions regarding these protocols can be directed to the Executive Director or Compliance Officer
- *These protocols will be modified as public health orders and guidelines evolve*
